# ABHYAZ'S EVALUATION ECOSYSTEM

- Combines structured learning with embedded assessments for a comprehensive candidate
- Measure Learning Velocity: Track how quickly candidates grasp new concepts and apply them effectively.

- **Experience-Based Evaluation:** Candidates demonstrate skills through practical application within realistic scenarios.

- By strategically leveraging onboarding as an evaluation tool, Abhyaz aims to help organizations make more informed hiring decisions, reduce turnover, and build stronger, more capable teams.

- Gain a genuine understanding of a candidate's capabilities and requirements before making a crucial hiring decision.

- 
- Access to a pre-screened talent pool
  - Opportunity to evaluate candidates through internships
  - Talent development and skill enrichment

**CURATED
